Dusk-To-Dawn Curfew Ordered For Jerusalem

British Order Follows Intensification Of Palestine Underground Campaign

EXTREMISTS STRIKE NEW DOUBLE BLOW

JERUSALEM, July 21.—(INS)—British authorities ordered a dusk-to-dawn curfew over all Jewish areas of Jerusalem today following intensification of the Palestine campaign against British rule.

The curfew becomes effective tonight. Shortly before the decree was issued, Palestine extremists struck a double-blow at radar installations used for intercepting blockade-runners carrying illegal immigrants to the Holy Land.

Heavy Attacks

Only a matter of hours after daring assaults upon police and infantry division headquarters in the Jerusalem and Tel Aviv areas, heavily-armed Jewish extremists attacked and tried to demolish two radar stations in the Haifa area.

At least one of the raiders was killed and several others were wounded along with four Palestine policemen in the twin-raids which, according to unofficial reports, resulted in destruction of several of the radar masts.

In what may have been a diversionary operation, some four or five extremists first attacked the "Tella Maris" cantonment of the crack British Sixth Airborne Division.

Pa Newc Observes

A West Side kitten cures one of its nine lives to the fearlessness of the city firemen. The feline lodged in a tree last Tuesday finally won the sympathy of neighbors Saturday and the congenial firemen scaled the tree and removed the venturesome cat. Firemen perform many other duties in addition to being on the lookout for fires.

It was on Saturday evening, out East Washington street, we saw a man wearing an overcoat with a tam-o-shanter on his head. He came out of a store with a watermelon, and got back into his car, that had the top down. He and his wife had just returned from a car ride into the country. The weather was quite cool.

Early Saturday morning the tractor section of a large truck was out of commission in the 600 block of East Washington street and had to be taken for repairs. The truck was of the Iowa-Nebraska Transfer Co. going west. It was quite heavily loaded, and the iron wheels holding up the front end embedded themselves in the asphalt road top. They got going Sunday morning.

East Washington street bridge white lines were being repainted by workmen this morning. Paint on the asphalt paving surface, lasts a short time due to a chemical reaction it is learned, necessitating the repainting of the lines often.

East siders are evidently in competition again this year to see who can raise the tallest hollyhocks. Some of the plants in the district have already reached a height of almost five feet it is observed.

A sign carrying the notation "Paint" on a freshly decorated downtown business house had inscribed underneath it in ink "obviously," the curt inscription having been written on the sign by a passerby.

Lincoln's Papers Will Be Made Public Saturday

WASHINGTON, July 21.—(INS)—News of domestic strife and world disasters may be shouldered aside this week by the solution to an 82-year-old tragedy—the assassination of Abraham Lincoln.

Scholars and statesmen, reporters and red caps eagerly awaited the answer to this and other questions in the life of the great emancipator which may be revealed when the Robert Todd Lincoln collection of his father's papers is opened to the public Saturday, July 26.

The opening ceremony will take place in the library of congress, custodian of the documents since 1919. Lincoln scholars from all over the country will participate in the event.

Soviet Stand On Balkan Border Issue Unknown

LAKE SUCCESS, N. Y., July 21.—(INS)—U. N. delegates remained in the dark today regarding the position Andrei Gromyko will take when the American proposal for the establishment of a semi-permanent frontier commission in the Balkans comes to a showdown vote, probably late this week.

The big question was: Will the Russian delegate, who is strenuously opposed to the U. S. resolution, exercise his veto or will he merely abstain from voting?

To Discuss Resolution

Tomorrow, when the security council resumes its now continuous sessions on "the Greek case," it will get down to a paragraph-by-paragraph discussion of the U. S. resolution. The general debate on the Greek situation has ended and the U. N. now must decide on how it intends to cope with the Balkan problem.

Russia has a counter resolution before the council, and it will be discussed in detail after the U. S. proposal is disposed of.

The Soviet resolution calls for the Balkan countries (Greece, on one hand, and Yugoslavia, Bulgaria and Albania on the other) to settle their problems among themselves. It demands the removal of foreign troops and foreign military personnel from Greece.

Some U. N. delegates felt today that Gromyko will veto the U. S. proposal; other thought he might merely abstain from voting.

Beaver County Officers Seek Man For Double Crime On Baden Outskirts

BADEN, Pa., July 21.—(INS)—Beaver county sheriff's officers and state police today sought John William Givens, about 50, for questioning in the murders of two farmhands at Mt. Gallitzin academy on the outskirts of Baden.

Victims of the two slayings were Joseph Neugebauer, 72, and Matthew Magana, 69.

Neugebauer died in a Beaver Falls hospital early Sunday, several hours after he was found in a clump of weeds near the academy with his skull crushed.

Body Found In Room

Magana's body was found in his room at the academy late Sunday by officers searching for Givens. His throat had been slashed with a razor blade and there were five puncture wounds in his skull, apparently caused by a pick.

Police said he had been dead "probably since Thursday."

Governor Dewey's Drive Gets Backing

EN ROUTE WITH GOV. DEWEY TO CODY, Wyo., July 21.—(INS)—Gov. Dewey's drive for western backing at the 1948 Republican national convention was given impetus today when he was greeted at Shoshone dam by U. S. Sen. Edward V. Robertson, a power in Wyoming GOP politics.

The New York governor, sunburned and rested by five hours of trout fishing in Yellowstone lake, received from Robertson, however, a warning that U. S. Sen. Robert A. Taft had improved his presidential possibilities "immeasurably" by his unflinching support of the Taft-Hartley bill.

This jibed with reports from other western leaders that the major 1948 issues would be alleged continuation of the New Deal by President Truman and the Republican fight in congress for lower taxes and control of labor racketeering.

Truman Reports U. S. At All-Time Economic Peak

Warns However That Coal Price Advances Threaten To Produce Inflation

WASHINGTON, July 21.—(INS)—President Truman today reported the United States has hit an all-time economic peak but warned that unless coal price advances threaten to produce an inflation that might plunge the nation into another disastrous depression.

In a mid-year economic report to congress, Mr. Truman painted a glowing picture of the United States at its highest levels of prosperity, employment and production.

The president called for still further price reductions, however, and expressed concern over coal price increases resulting from the coal-wage agreement.

Mr. Truman said that one of the most serious shortcomings of the nation since the end of the war has been failure to provide adequate housing. He added that housing construction still "lags far behind the real needs of our people for homes."

The chief executive renewed his appeal for "imperative" legislation to enlarge the far labor standards act, to increase the minimum wage level to at least 65 cents an hour, to provide a comprehensive housing program, and to enlarge social security benefits payments to meet the higher cost of living.

Open Civil War Is Feared In Burma

Massacre Of Burmese Council Of Ministers May Be Followed By Civil War

RANGOON, Burma, July 21.—(INS)—Cries of "lynch him" were raised in the streets of Rangoon today when former Premier U Saw was marched off to jail with 20 followers in connection with Saturday's massacre of the Burmese council of ministers. Seven were killed.

A large crowd gathered outside the prison gates in a fiery demonstration against U Saw. Some of the demonstrators yelled "tear him to pieces."

With fears expressed that open civil war may erupt in Burma as a result of the assassinations, heavily-armed troops patrolled Rangoon. Police seized a considerable quantity of machine-guns, Bren guns, rifles and grenades in a citywide search.

Troops and police armed with machine-guns occupied U Saw's residence grounds.

Truman Names U. S. Delegates To UN Assembly

WASHINGTON, July 21.—(INS)—President Truman today nominated delegates and alternates to the second session of the United Nations general assembly.

Secretary of State George C. Marshall said, although his appointment to the post does not require congressional approval.

Delegates nominated today were Warren R. Austin, who is United States representative to U. N.; Hershel V. Johnson, who holds the No. 2 post to Austin; Mrs. Eleanor Roosevelt and John Foster Dulles.

Alternate delegates are Charles Fahy, Willard L. Thorp, Francis B. Sayre, Adlai E. Stevenson and Virginia C. Gildersleeve.

U. S. Ambassador Has Conference On East Indies Issues

LONDON, July 21.—(INS)—U. S. Ambassador Lewis Douglas is expected to discuss the Indonesian situation informally when he confers with British Foreign Secretary Bevin this afternoon.

The meeting primarily is concerned with Anglo-American policies in regard to increasing coal production in the Ruhr and the proposed conference on the future of the U. S. and British zones of Germany.

A spokesman said that the British government is closely watching developments in Indonesia, where Dutch and Republican forces were locked in combat.

House Overrides Filibuster Effort On Poll Tax Issue

WASHINGTON, July 21.—(INS)—The House today overrode an attempted filibuster by southern congressmen and passed for the fourth time since 1942 legislation outlawing poll taxes in seven southern states. The vote was 290 to 111.

The legislation now goes to the senate, but no action is anticipated in the branch before adjournment now set for Saturday. However, the bill will be in position for early action at the next session, either in the fall or January.

Congress Entering Final Week Of Current Session

By WILLIAM THEIS (U. S. Staff Correspondent)
WASHINGTON, July 21.—Congress entered the final week of its first "streamlined" session today with night meetings scheduled to plow through the mountain of work and pre-1946 political speeches.

Republican leaders insisted they could break the logjam and adjourn sine die by next Saturday, July 26, and "fixed" a month ago. As a last resort, however, Congress could sit until July 31, the adjournment date fixed by the reorganization act.

Head Trouble List

Appropriation bills, already three weeks late, headed the trouble list for GOP leaders struggling to line up the first completely Republican-

controlled Congress since early New Deal days. Half a dozen measures are in conference and the Senate still has to pass the big deficiency bill carrying the Greek-Turkish aid and foreign relief fund.

The inclination for political "summing up" was heightened by a Senate scrap over GOP efforts to force action on a resolution calling for investigation of charges that Attorney General Clark "whitewashed" the 1946 Missouri election fraud case. An all-night Senate session was held out a possibility in this issue alone.

Yacht Murder Trial Enters Ninth Week

SANTA ANA, Cal., July 21.—(INS)—The Overall murder trial entered its ninth and perhaps most momentous week today.

The state had on call the heavyweights of its battery of expert witnesses to back up its circumstantial case against heiress Beulah Louise Overall, 18, and her burly sweetheart, George R. Gollum, 21.

The girl and her fiancé are accused of slaying her parents, the Walter E. Overalls, aboard the yacht in Newport Bay last March 15.

The array of experts ready to take the stand for the prosecution includes Roger S. Green, criminologist; Ray Pinker, head of the Los Angeles police laboratory; J. Clark Sellers, noted handwriting expert; William Harper, Pasadena criminologist, and Dr. P. B. Candela, authority on blood and bloodstains.

Sunk By Bomb

The Overall yacht was sunk by a dynamite time bomb, and it is the prosecution's theory that the boat was blasted in an attempt to conceal the slayings.

Green was on the stand when court recessed last week and he was to return today to give, in particular, testimony about an alarm clock mechanism found in the wrecked ship's engine room.

Special Prosecutor Eugene D. Williams said he would seek court permission for a demonstration, using a photoflash bulb instead of dynamite, in which Green would use a duplicate of the mechanism to show how the clock works could have been rigged up to set off the time bomb.

Indonesian Premier Makes Call To Arms In East Indies Warfare

HEAVY FIGHTING REPORTED RAGING (BULLETIN)

BATAVIA, Java, July 21.—(INS)—Dutch rocket planes joined with fighter craft and ground forces against embattled Indonesian republicans today and the latter called for all-out defense throughout the Netherlands East Indies.

BATAVIA, July 21.—

The Netherlands East Indies air force swung into action against embattled Indonesian republicans today and the latter called for all-out defense against a widespread series of government attacks.

The call to arms was sounded by Indonesian Premier Sjahrjoedin in a broadcast from the republican capital of Jogjakarta.

Dutch Attack

An official announcement said that Dutch aircraft had attacked airfields on the islands of Java and Sumatra. The republican radio station Antara said that seven separate targets had been attacked. These were said to have included Jogjakarta's own airport, 20 miles from the provincial capital.

A republican spokesman said that heavy fighting rages at Bandungan, Semarang, and Soerabaya. Jogjakarta was said to be quiet and calm, with business and stores operating normally.

Dutch officials announced that four government commissioners for civil affairs had been appointed to (Continued on Page Two)

Guerrilla Attack On Greek Border Town Beaten Off

ATHENS, July 21.—(INS)—The Greek garrison of Mouries, a small village near Lake Doiran on the Greece-Yugoslav frontier, successfully beat off an attack today by a band of some 400 Communist guerrillas.

Dispatches reaching Athens from Ioannina, meanwhile, told of a fierce battle in full swing this morning between Greek troops and the main body of a guerrilla army which government quarters insist "invaded" Greece from Albania.

These "invaders" previously had been beaten back in the mountains between Ioannina and Konitza, 25 miles to the northeast.

Husband Killed, Wife Badly Hurt, In Plane Crash

BOSTON, July 21.—(INS)—Mrs. Ruth Alma Cabe, 18, of Roxbury, fought for her life today in Cable Memorial hospital following an airplane crash that left her a widow five weeks after she was married.

Physicians said Mrs. Cabe was in critical condition with fractures of the skull, jaw, nose, pelvis, and left arm and internal injuries.

Her husband, pilot of the plane, was killed. He was J. D. Cabe, 22, Seaman First Class, of Greenville, S. C. Cabe was a member of the crew of the Aircraft Carrier Min-doro, docked at Charlestown navy yard.

Their hired airplane crashed on Crane's Beach near the Essex river. Director Crocker Snow of the Massachusetts Aeronautics commission said he was "satisfied" Cabe was stunting when the plane crashed after flying low over batters.

ST. VITUS CHURCH

SCENE OF WEDDING

St. Vitus church was the scene, Saturday morning, of one of the season's loveliest weddings, when Miss Carolyn Jean Caffro of 1409 Francis Place, became the bride of Joseph J. Giorioso, of R. D. 6, Butler road.

Rev. Fr. Nicholas DeMita, officiated at the double ring ceremony, which was performed before the altar banked with palms and fresh flowers.

Given in marriage by her father, the bride was beautiful in a satin bodice gown, with appliqued net yoke and full net skirt with satin appliques. She wore a French illusion veil which fell from a rolled beaded crown of French illusion veiling. She carried a heart-shaped cascade bouquet of white carnations.

Her only attendant, Miss Lillian Giorioso, as maid of honor, wore a rose taffeta gown, with sweetheart neckline and carried a heart-shaped cascade bouquet of yellow roses.

Serving the groom as best man was Tony Latore.

Proceeding the ceremony, appropriate organ nuptial music was played by Frances Colao.

Following the ceremony, a wedding dinner was served at a local tea room to approximately 50 members of the immediate families. The tables were decorated with seasonal flowers and candles. In the evening, from the hours of 8 to 11 o'clock, a public reception took place in King Humbert hall, when 400 guests were in attendance.

At the conclusion of the reception, the couple left by automobile for a wedding trip to California and other prints in the west.

Mrs. Giorioso, the daughter of Mr. and Mrs. George Caffro, 1409 Francis Place, attended New Castle high and has been employed as a clerk at Sylvester's Dairy Store on Croton avenue. Mr. Giorioso, who has been engaged in the service station business with his father, is the son of Mr. and Mrs. Louis Giorioso, R. D. 6, Butler road. He attended Shenango high school.

The couple will reside in their newly furnished apartment at 1111 Croton avenue and will be at home after August 19.

YOUNG HOUSEGUESTS

TENDERED FAREWELL

Cascade Park was the scene Sunday afternoon of a farewell party for the Misses Sue Ellen and Marilyn Holt of Girardville, given by Mrs. Victor Natizio and her daughters, the Misses Shirley and Sandra Natizio.

Park amusements furnished diversion for the group of 18 children during the afternoon and later supper was served in the grove.

The guests of honor, who are houseguests of Mr. and Mrs. Edward Augustine, of High street, received many lovely remembrances. The sisters will leave soon to return home.

P. H. C. Meeting

Members and officers of the Protected Home Circle assembled at the I. O. O. F. Hall on East Washington Street on Thursday, July 19, at 8 o'clock. A business meeting was conducted with Mrs. Maude Forrester in charge. The following officers were elected for the coming term: Mrs. Maude Forrester, president; Mrs. Irene Emerick, vice-president; David Bright, chaplain; J. William Bright, guide; Mrs. Helen Hall, companion; Mrs. Grace Hoover, guardian; Mrs. Joe Pinkerton, sentinel; Mrs. Clara Rice, watchman; Mrs. Mae Bright, pianist. The officers will be installed in August.

Plans were made for a picnic to be held at Cascade Park in two weeks. The date will be announced later.

A social time followed the business meeting, with Mrs. Florence Gillespie and her committee in charge. The next regular meeting will be held in two weeks. The juniors have dispensed with their meetings during August.

California Visitors Honored

Mr. and Mrs. Elroy Smith of Burbank, Calif., were honored recently when former classmates and friends gathered at the home of Mrs. R. E. Powers, Court street, for a party. Mr. Smith brought with him several reels of pictures showing the Pasadena rose parade and other points of interest in California. A number of out of town guests were present.

Mr. and Mrs. Smith are visiting at the home of Mr. Smith's mother, Mrs. Carl Smith, Mulberry street.

Wham-Jad Club

Members of the Wham-Jad Club met at the home of Mrs. Robert Lawson, 703 Harbor street, on Thursday evening.

Five hundred was in play, with prizes going to Mrs. Jack Hare and Mrs. Ralph Armstrong. Special guests were Alice Hoover, Pat Drushel and Mrs. Ralph Armode.

A delicious lunch was served by the hostess.

The August meeting will be in the home of Mrs. James Shaffer, county Line street.

Amerita Club

An informal shower party honoring the new infant of Mrs. Norman Cuschno, Huey street, was held recently by members of the Amerita club, and she received many lovely gifts.

Cards were played later, Mrs. Anthony Villiani and Mrs. Rudy Eagan capturing prizes.

Later a dainty lunch was served on a table nicely arranged.

June 24, is the meeting with Mrs. Anthony Nocera, of Hazen street.

Breeze Class To Picnic

Members of the Breeze Class of Nazarene Sunday school will have an annual picnic at Ewing Park, of Ellwood City, Tuesday, July 22. A basket picnic will be served at 6 o'clock with groups leaving the church at 3:30 p. m. or 5:30 p. m. After the dinner a sports program is planned.

Daughters of Union Veterans

Dinner and social evening planned by Tent No. 20 of Daughters of Union Veterans planned for Tuesday evening at the home of Mrs. Bessie Linton, 210 Pearson street, has been postponed until Tuesday evening, July 29 at the same place.

ON THE RIGHT TRACK

This nation cannot lay claim to having a tax system. There are plenty of taxes for Americans to pay—federal, state, county, municipal, and still others—but they are not systematized. What the country has is a taxation "patchwork," as Governor Dewey observed the other day before the Governors' Conference.

The word fits. Taxes have been laid indiscriminately, by various governmental authorities, to suit their particular needs regardless of the consequences. Mr. Dewey said the object apparently was to impose the kind of levies by which the people could be "plucked most painlessly and their complaints least felt at the polls." That seems to be the case.

So the governors were attacking a real problem in discussing this subject. They made some progress, too, for they are in general agreement that some order must be injected into the picture by allocating certain sources of revenue to the federal government, others to the states, and others still to counties and cities. They were not in full accord, however, on just how to divide up the field.

This conflict of views is natural. It is the result of patchwork. No state can be expected to be anything but dubious about giving up a tested income-producer in exchange for something that may not work.

It is to be hoped that eventually thinking on this subject will go farther and deeper. The nation needs a taxation system that will do justice to all taxpayers and at the same time place the least possible burden on the economy. The governors are on the right track, at least.

SOMETHING FOR NOTHING

Since the beginning of human recollections, it has been customary for people to try and get something for nothing. There has been a tendency to deviate from honest effort and seek the rainbow's end.

Many hard working American taxpayers feel that some of the European nations have fallen victim to the lure of easy money and are getting ready again to pull Uncle Sam's leg. The temptation of easy money causes supposedly honest statesmen to build a case for American dollars.

To the European, America has always appeared as the rainbow's end where gold is found in the streets. It encouraged immigration to the United States which was followed by disappointment and agitation by radicals.

Common sense dictates that something for nothing just does not exist. Everything in the world costs money. Anything worth while must be won at the cost of honest sacrifice and effort. This country became great because its founders built solidly, putting honest effort into their work, sparing themselves neither hardship or sacrifice.

During World War I and World War II and in the name of security and humanity, America poured out billions of dollars to her allies and other hard pressed peoples. In many instances, the something for nothing idea grew into a glorified legend. Legalized begging on an international scale became a leading news item for a generation.

America has become highly conscious of Europe's attitude and is hesitant to pour out more dollars on the something for nothing basis.

RED TERMITES IN GOVERNMENT

For those who have been accustomed to belittle reports of Communist infiltration into Government posts, the Civil Service Commission statement that an estimated 811 Federal employees have been dismissed because of disloyalty to the United States, within a nine-month period, should come as a distinct eye-opener, suggests the Philadelphia Inquirer.

The Reds have managed to sneak into Government service, concentrating mainly upon civilian jobs in the War and Navy Departments, and they keep trying to increase their numbers there. The Civil Service Commission report lists the rejection of 59 applicants for disloyalty reasons.

In addition, many Reds and others whose loyalty is suspect have been let out of Government employ not by direct dismissal for cause but through normal reduction in forces.

It is intolerable that persons owing primary allegiance to a foreign power should occupy posts of responsibility within our Government, where they might injure us by espionage or sabotage activities. If the New Deal operators were careless or indifferent enough to permit these potential foreign agents to get into Government jobs, no time should be lost now in getting them out.

Anything that would make it more difficult for disloyal persons to enter Federal employ and easier to ferret out those who are already there is desirable. That is why the House-approved bill setting up an independent Federal Loyalty Review Board should not be by-passed by the Senate.

The strong formerly took from the weak. Then laws were passed and the slick politicians began taking from the strong.

Hints On Etiquette

For a daytime garden or informal home wedding, a man should wear white, tan or gray flannel or gaudy-breasted light or medium colored jacket, or a business suit.

Washington Calling

By Marquis Childs

Military Hero As Possible Candidate

WASHINGTON, July 21.—After the Civil War, five men who had served with the rank of general in that conflict became president of the United States. That seems to happen in the wake of every war and we are just now hearing a great deal about a military hero as a possible candidate in 1948.

Despite his emphatic denials, there are shrewd observers of the political scene who believe that Gen. Dwight D. Eisenhower is eager to make himself eligible—if not for next year, then for 1952. They interpret his acceptance of the presidency of Columbia University as a move in that direction.

Landon's Choice
When Alf Landon, the Republican candidate in 1936, visited Washington recently, he spread the word that Eisenhower, a fellow Kansan by origin, was his choice for the GOP nomination in '48. This may have been merely another of the stop-Dewey maneuvers. But in any event, it served to start again the discussion of General Ike's candidacy.

Eisenhower has demonstrated extraordinary capacity for leadership. His job as Allied commander in Europe was as much that of administrator and organizer as it was that of a soldier.

The current attitude, however, is not nearly so favorable to the military hero in civil life as it was 75 years ago. It should be noted, too, that of the five generals who became president after 1865, only Ulysses S. Grant was a graduate of West Point and a soldier by profession. The others were civilians who became generals.

Another general looms conspicuously in the background.

ABOUT GARDENING
All this I know: a garden makes blisters and many muscle aches. From planting blue delphinium. A woeeful verberna may come. The weeds with fury to attack. Disturbs the sacralluc.
From wetting feet with garden hose pneumonia, single double grows. Then, as his roses, white and red. The gardener plants himself in bed. The climbing rose has thorns to tear with.
But rheumatism's worse to bear with.
So, gardeners, when you are hoeing Be sure it's flowers, not pains, you're growing.

A garden is a thing of beauty; To guard it is man's bounden duty; Give it consideration prayerful; But if past middle age be careful! When work you must, with joy go to it.
But never, never overdo it!

ATTENDANTS IN FORMAL CHURCH WEDDING
"How many bridesmaids and ushers are permissible in a formal wedding and who should pay for the bridesmaids' clothes? What type of clothes should be worn at both a morning and afternoon wedding? Is it essential to send out engraved invitations to a formal wedding or are written notes permissible?"

Answer: The bride-to-be chooses, usually, from two to six bridesmaids and a maid of honor. They are invited to forego at the wedding, the shades and designs to be approved by the bride. All clothes should be paid for by the wearers unless the attendants are poor and the bride rich enough to assume such expenses without detriment to her purse.

The groom-to-be selects his best man and ushers (usually the same number as the bridesmaids) who may be relatives of his or the bride or merely friends having no relationship whatever. Usually he selects his brother for his best man and his closest friends for ushers, one of whom may be a brother or cousin of the bride. The bride, in return, chooses the groom's sister or fond cousin to be one of her bridesmaids. All attendants may be either married or single.

At a morning or afternoon formal wedding, the girls should wear full-length dresses of harmonizing shades, matching hats or floral headresses. The men should wear morning clothes (striped trousers, cutaway coats). Formal engraved invitations should be sent to guests invited to a formal wedding. This is so whether the wedding will take place in the morning, afternoon or evening. Any stationer will show you samples from which to choose.

Present your problems to Miss Markel who will promptly mail personal replies to questions from readers inclosing stamped, self-addressed envelopes.

Go West, Young Man!

The Parent Problem

By Garry C. Myers, Ph. D.

FUN FOR THE LITTLE TOT

Much earlier than most parents suppose the tot can have wholesome fun with scissors, clay, paste and the like, even as early as the age of two or three.

Give him snub-nosed scissors, as they are safer. Let him cut pictures from an old newspaper or magazine. Also he can have good fun, later, pasting these pictures into an improvised scrap book or one you buy at little cost.

With clay he can make all sorts of things also, especially if you give him a bit of help at the beginning. Be sure to appreciate what he makes and be able to recognize the animal or object he creates. Please don't make the mistake of asking him what it is, else his feelings will be hurt. Set the stage so he naturally will make it for you. Observe this same caution when he draws a picture or builds something with blocks. A related bulletin of mine is "Letting Little Children Learn," to be had in a stamped envelope by writing me at 235 East 45th Street, New York, N. Y.

Needs Supervision
In such activities he will need some supervision. Otherwise he may have his materials scattered all over the house, even may mess up the walls, rugs and furniture. As he cuts paper, make clear to him the place in which he must confine himself for this activity. Don't let him walk or rush about with the open scissors, or the hazards may be great. Apply the same principle as he colors with crayons, molds with clay, or pastes.

A certain mother hit on a good idea. She secured a piece of denim about the size of a bed sheet and sewed strong "ears" on the corners with which to hang it up. Then when she wished to clear up things quickly, as when company suddenly arrived, she could hang the whole thing in the closet. Besides, this device defined the boundaries within which the tot could do his "work."

Good Discipline
As you can see, it is greatly to the advantage of the tot and his mother if he already has learned the meaning of "No" and will not readily overstep the boundaries which have been defined for him. Otherwise he will often be irritated by the mother's necessary interference and she will also be vexed and kept unduly busy watching him and keeping him in the proper place. Furthermore, if such desirable control has been established, the atmosphere will be clear so that his mother can be more fertile with positive suggestions and he more ready to accept them and act accordingly.

Here is a psychological factor many writers and counselors of parents have overlooked. Without adequate early restraints effectively established, best creative growth in the child may not be possible.

TAKE IT EASY

Friends, when you drive your motor car, Though you're traveling near or far, Please take it easy. Surely, it's better to be late Than imperil someone's fate. Please take it easy.

Don't try to make up time that's lost, The risk you take's not worth the cost. Please take it easy. An early start will get you there, Right side up and with time to spare. So take it easy.

Accidents are all ugly things With broken bones or fender dings. Just take it easy. They bring real hardship and remorse And would not happen if perforce You'd take it easy.

One Man's Opinion

By Walter Kiernan

The suggestion that Mr. Truman grow a beard was made before his second tax veto... and it came from Independence neighbors, not the secret service.

Still it might not be a bad idea. With only a mustache, Dewey finished second in 1944... miles ahead of the Prohibition candidate.

We haven't had a beaver in the White House in many years... All our presidents have been well-trimmed and so have we, under a few of them.

But it would add zest to the next campaign if one of the candidates could be introduced as "taking through his whiskers." Rather than through his hat.

However I have it from sources close to nobody that Harry will grow no broccoli... he has too large an investment in how ties.

Taft could use a beard... on his head.

They Say

WASHINGTON—President Truman, in vetoing the tax cut bill: "Until we are better able to estimate the cost of our investment in world peace and collective security, it is unwise to make so large a cut in our government's future income that our ability to meet our needs would be impaired."

HARRISBURG—National VFW Commander Louis F. Starr, in commenting on Communist efforts to unseat Gen. Douglas MacArthur and the emperor in Japan: "The chaos which would follow the removal of MacArthur, coupled with economic dislocation, would enable the Reds to establish their form of government in Japan."

NEW YORK—Former UNRRA Director-General Herbert Lehman: "Last minute efforts are being made, particularly in the U. S. Senate, to side-track emergency 'DP' legislation. It would be less than human to suddenly announce to the displaced persons that instead of writing their papers to freedom, we are carving inscriptions on their grave."

CHICAGO—Former Housing Expediter Wilson W. Wyatt, in assailing "third party" moves: "The communists would be rubbing their hands in gleeful celebration of the accomplishment of their dual purpose, reaction and an economic bust at home, and United States isolationism, bringing in its train economic chaos throughout the world."

It is believed that during 1947, the United States will consume as much synthetic rubber as the natural product.

Words Of Wisdom

He was in love with his work, and he felt the enthusiasm for it which nothing but the work we can do well inspires in us.—William Dean Howells.

Looking At Life

By Erich Brandeis

Everybody everywhere seems to be seeing those "flying saucers" in the air, and all sorts of theories about them have been propounded.

We have just returned from California in one of the new DC6 planes of the American Airlines—San Francisco to New York in 12 hours—and I want to report to you that neither my wife nor I saw a single one of those phenomena, although both of us looked for them all the way in.

But we did see all sorts of things that looked like flying saucers and which would have been flying saucers if imagination had been as good in selling us as it apparently has been for very many other people.

Mind you, I do not say for sure that there are no flying saucers and that some people have not actually seen them.

I shall certainly not stick out my neck and insist that these things are not real and that everyone who claims to have seen one, or a whole swarm of them, is a liar.

But I do insist that your imagination can certainly make you see almost anything you want to see, and if your imagination is strong enough you may see not only flying saucers in the air but pink elephants, two-headed snakes with wings, or banshees dressed in tuxedos.

Who, for instance, has not been positively sure that there was a burglar downstairs in the living room, when it was nothing but a house or a squirrel?

Who, in a dark forest, has not distinctly heard the wailing of ghosts, when it was nothing but the wind howling in the trees?

There are burglars, of course, and there may even be ghosts, for all I know.

There may be flying saucers and, maybe, by the time you read this the whole mystery of this latest thing to scare humanity may have been solved. Personally I believe that there will be a very simple and very harmless solution of this new puzzle. Of one thing I am absolutely sure: We will find out whether these saucers really exist and what they are.

If they are something dangerous to our safety, we will know how to cope with them, just as we have known how to cope with every other danger that has confronted us. If they turn out to be a hoax, or a gag, we have enough of a native sense of humor to laugh at ourselves and our gullibility and settle down to our innate common sense—until the next hoax comes along.

Until then, let us consider the flying saucers as something akin to the many other creations of our imagination—such as the worries over things that never happen, such as the fears and stews and frets that make our lives needlessly miserable.

Let us hope that those who see a new war in the offing will be as wise as those who are now seeing flying saucers.

Let us hope that the fear of American going to the dogs will be just as foolish as the opinion of those who say that the flying saucer is the fiendish invention of a hostile nation that is trying to scare us.

Let us hope that the flying saucers, like all the figments of our imagination, are nothing but flights of our fancy.

The World

and the

Mud Puddles

THEY HAVE GONE WEST

The Hollywood Gang seems just now to be the logical successor to the Chicago racketeers.

There are two special lines of criminal activity which takes these eastern crooks to California—"dope" and gambling. It is the competition in these rackets which inspires gang wars that lead to gang killings. The chief magnet for "dope" peddlers and gambling racketeers is the luxurious movie capital, Hollywood. There hundreds of individuals enjoy easy money—some of them fabulous wealth. Many of them are idle and bored for months at a time. Narcotics peddlers find a market for their wares at dazzling prices. Gambling, in standard pastime, with stakes proportioned to large incomes. Besides this, the pseudo-Bohemian atmosphere of the film capital makes notorious characters more or less glamorous social idols.

Competition Brisk
Competition for Hollywood sucker money naturally becomes brisk. The field is especially inviting to crooks who are "hot" in New York or the Middle West. So one set of racketeers is followed by another and the scramble for "control" ends in tommy-gun warfare.

There are, it need not be said, many exemplary citizens in the movie colonies—citizens who reflect honor upon their profession and their communities. It would be unfair to indict a whole city for the shortcomings of a certain element. But if and when the California Governor's crime commission begins investigation, its natural starting place will be Hollywood.

Inside Washington

Third Party Headache Plagues White House President Is Worried About Henry Wallace Canadian Labor Bill Suits Unions

WASHINGTON, July 21.—The Henry Wallace third-party-threat headache is being increasingly felt at the White House.

Observers agree that President Truman is worried about the former vice president's future course. Mr. Truman thus far has withheld the olive branch from Wallace, whom he fired as secretary of commerce. Henry's conditions are too hard. They call for a switch in foreign policy to "Peace with Russia—at any price."

But the president and his aides know that a Wallace-headed third party would be particularly damaging to Democratic hopes in New York, and might cost the Empire state's big bloc of electoral votes.

Wallace, backed by the Marcantonio faction and other dissident elements of both parties, could muster enough votes to split the ballot, enabling the Republicans to profit.

Some time before next summer Mr. Truman—when, of course, it is virtually certain of the Democratic nomination—must decide whether to keep a cold shoulder turned to Henry or extend to the peripatetic Iowan a somewhat reluctant peace bid in the interests of political victory.

FORRESTAL BOOM—The Army and Navy Journal, an unofficial service publication but a bellwether of military and naval opinion, editorially endorses the "contemplated selection" of Secretary of the Navy Forrestal as head of the national defense department under the merger plan just passed by the Senate.

Forrestal, according to the Journal, "has a thorough knowledge of the accomplishments of land, sea and air power both in combined action and independently, and the imagination and flexibility of mind to apply the lessons of the past to the weapons of the future."

The magazine maintains that Forrestal, in the key defense post, would give Navy men assurance that sea power will not be neglected in the new unified organization.

The Journal also points out that Admiral Louis Denfield, now chief of personnel, is slated to succeed Fleet Admiral Chester W. Nimitz as chief of naval operations.

IDLE SHIPYARDS—Representatives of the shipbuilding industry, currently beset by strikes, claim the industry virtually will work itself out of a job in the next nine months. At present there are 38 ocean-going vessels under construction and all but six will be finished by the end of 1947.

American shipbuilders report that the situation is just the opposite in British yards, which presently are running at capacity and have a backlog of orders lasting through 1950.

Industry representatives estimate that more than a million gross tons of merchant shipping is under construction in Great Britain and Ireland, as against 233,000 tons in this country.

United States shipbuilders say the present prospect for additional contracts is gloomy.

LABOR CONTRASTS—Labor leaders are noting a sharp contrast between labor legislation in the United States and that in Canada.

While Congress enacted the Taft-Hartley law bitterly opposed by the unions, the Canadian parliament neared passage of a labor bill approved by the unions in that country.

Leaders of the Canadian "AFL" issued a statement commending the government for sponsoring the legislation of the Railroad Brotherhoods, says the "Labor," weekly publication of the following provisions:

Continues "basic principles of the wartime labor regulations"; hits at "company unions"; affords protection to crafts and skilled workers; provides for the union shop; prevents government "interference" in employer-union agreements, and "discourages the use of lawyers" in labor disputes.

In View Of The News

By J. C. Ostreicher, INS Foreign Director

Boarding of an illegal Jewish immigrant ship off the Palestine coast raised a brawling issue in the Holy Land and recalled the only other occasion in recent history when British "back-taps" carried out this type of naval operation.

The circumstances were different chiefly because of the fact that last time the British navy was engaged in mortal war with Nazi Germany, and this is supposed to be an era of peace.

Other Similarities

And it is not impossible that some of the British sailors who clambered aboard the sardine-stuffed "Exodus, 1947" off the Palestine port of Haifa may have been in Norwegian waters that day in the winter of 1941 when history was made aboard the Altmark.

That was Nazi Grand Marshal Erich Raeder's "hell-ship"—the prison vessel upon which more than 200 captured heroes of the royal air force who had been shot down in Germany were transferred to Norwegian soil for internment.

They were below decks, short of food and water, and the Altmark had made a slow and highly uncomfortable voyage through mine fields and the British blockade. The British secret service, not nearly so remiss during the war years as Altmarek, her departure "and her destination, and a coded wireless went one on the air.

Sent Ship Into Action
The message came into the hands of Rear Admiral Sir Philip Vian, commander of a British North Sea destroyer flotilla.

He was in personal command of the well-named ship HMS Cossack and he sent her into action. For hours he patrolled danger-ridden, icy waters, finally tracked down the Altmark and forced her into a Norwegian fjord. Then, under the muzzles of German-installed coastal guns and threatened with destruction at any moment by the still-powerful Nazi Luftwaffe he issued an order that probably had not been heard in any man's navy for a century. It was:

"All hands on deck to board the enemy!"

Vian's crew of the Cossack subdued the Altmark's Nazis, blasted open the hatches, liberated every British prisoner to the last man and made away to safety.

Admiral Vian received the Victoria cross for his exploit and earned the undying admiration of the British people.

Coincidences insist upon occurring. At the moment the boarding operation in the Mediterranean recalled the Cossack and the Altmark, Admiral Raeder himself was in the news again.

They took him, along with Rudolph Hess and five other Nazi war lords convicted at Nuremberg, to Berlin to serve out the rest of his life sentence in grim and forbidding Spandau prison. He too, at this moment, may remember the Altmark, and it cannot be a pleasant recollection.

Combine left-over gravy with cooked vegetables or bits of meat. Top with biscuit dough, bake and serve as a main dish.

Crippled Girl Returns After Visit To Lourdes

NEW YORK, July 21.—(INS)—Sally Ann O'Leary, 12, of Wilkensburg, Pa., crippled since birth, was back in the United States today from her journey to the Shrine of Our Lady of Lourdes in France—minus her crutches and braces.

The girl who was certain a miracle could cure her, walked alone down a La Guardia field plane ramp upon her arrival last night.

The braces were packed away in her luggage because, as she said, "I'm not going to wear them anymore."

Several of the 20 pilgrims—all from the Pittsburgh area—testified that the child had walked a mile unaided at Lourdes shortly after having bathed in the famed waters of the Shrine.

Sally's mother, Mrs. M. Ellen O'Leary of Wilkensburg, declared nine spinal operations had failed to help the child, who was stricken with paralysis as an infant.

The pilgrimage to the famed Shrine was headed by the Rev. James R. Cox of Pittsburgh, who said he was cured of blindness of the right eye after he visited the Shrine in 1895.

NOTED AUTHOR AND EXPLORER IS DEAD

PITTSBURGH, Pa., July 21.—(INS)—The body of Mrs. Ruth Harkness, 46, noted author and explorer, was to be cremated today after an autopsy revealed her sudden death yesterday was caused by acute gastroenteritis.

Mrs. Harkness, author of "The Lady and the Panda," "Panda's Diary" and numerous magazine articles, was found in the bathtub of a Pittsburgh hotel room by a hotel detective checking calls.

Mrs. Harkness was believed to be the first person ever to capture alive a baby giant panda. She came to Pittsburgh from Syracuse, N. Y., last Friday.

The country's dairy herds total 26,000,000 cows.

WILL MAKE WORLD TOUR TO DISCOVER OPINION OF U. S.

NEW YORK, July 21.—(INS)—Publisher Eugene C. Pulliam of Indianapolis is to leave by plane with his wife today on a tour of 28 nations and all continents except Australia to find out what the people of the world think of the United States—and why.

Pulliam, publisher of six Indiana newspapers and two in Arizona, said he will avoid talking to government officials in hope of meeting the plain people.

Resident Of Rome Returns To America

Resident's Mother Arrives In America Following Absence Of Sixty Years

Mrs. Maria Giuseppe Vericelli, 84 years of age, arrived in this country by Pan American airline, from Rome, Italy, and will make her permanent residence with her daughter, Mrs. Anthony Costa, 411 Norwood avenue.

Mrs. Vericelli is in excellent health, despite her age, and had a wonderful trip across the ocean. She was in this country exactly 60 years ago, and is jubilant at the opportunity of returning again.

Immediately upon her arrival in this country, she spent a week visiting her daughter, Mrs. Margaret Ippolito, of New York City, and later with her son, Sebastian Vericelli, in Youngstown, O.

Mrs. Vericelli, then arrived in New Castle to visit with her daughters, Mrs. Anthony Costa, and with other friends, and is now making her home here.

Police Chiefs In State Convention

WILKES-BARRE, Pa., July 21.—(INS)—A three-day annual convention of the Pennsylvania Police Chiefs Association opened today at Wilkes-Barre and an agenda reflecting law enforcement problems.

High on the list for discussion was Pennsylvania's rising homicide rate; convention officials said 77 more homicides were reported last year than in 1945 when 162 were recorded in the state.

Also slated for discussion was juvenile delinquency, careless firearm licensing, the need for improved equipment and more high-calibre personnel in local police departments, traffic problems, reckless driving and hit-run accidents.

Hugh Clegg, Washington, D. C., assistant director of the Federal Bureau of Investigation, was slated to be the principal speaker today.

Other speakers listed for the convention were State Superior Court Judge John S. Fine, of Nanticoke; State Police Commissioner C. M. Wilhelm, of Harrisburg; Lee V. Boardman, head of the FBI at Philadelphia and Mayor Con McCole, Wilkes-Barre.

New Gasoline Prices Are Set

Lawrence County Service Station Association, board of directors, during an emergency meeting held over the week-end, directed all members be advised immediately of the new prices on gasoline which will be 23¢c for motor gas and 25¢c for ethel.

This action followed the last of three increases by oil companies to retailers in recent months.

Carl Leathers, executive secretary of the association stated today that while the Lawrence County Dealers are generally against further price increases, they find themselves in a position where it is necessary to pass it on to the public.

A general meeting of the association will be held Friday, July 25th, at 8:00 p. m. at 1004 N. Jefferson street, New Castle, Pa., at which time new members will be welcomed into the association and receive instructions.

FUNERAL TODAY FOR STATE POLICEMAN

BEAVER FALLS, July 21.—Funeral services will be held today for Cpl. Alfred P. Vota, age 41, of West Newton, who died of self-inflicted wounds at his home on Friday.

Vota, a member of the Pennsylvania State Police since 1929, had been in failing health and had suffered a nervous breakdown. During his police career he has served in many of the district sub-stations of the area, including the New Castle Station.

His only survivor is his widow, Mrs. Stella Vota.

GUN WOULD SHOOT

PITTSBURGH, July 21.—(INS)—Benny Husser knows now that Mear Gregory's old Spanish-American War rifle, a 45-90, still shoots.

Husser, 41, and Gregory, 67, argued whether the relic still would fire. It would.

Husser was treated at a Pittsburgh hospital for wounds in both feet, both caused by the same bullet.

Experience is the best teacher!

Yes, experience during the wartime cigarette shortage—smoking and comparing many different brands—taught millions the big differences in cigarette quality

Second Choices

It didn't matter much what brand you asked for in those days of wartime scarcities—you took whatever brand was available. People smoked more different brands of cigarettes than they would normally try in a lifetime.

Remember?

When you stood in line to get cigarettes? It was no fun, that wartime shortage; but it was a revealing experience to smokers everywhere. And, incidentally, it was one of the biggest comparison tests in cigarette history.

Choice of Experience

Whether they intended to or not, people compared the many different brands they smoked during that shortage. That's the experience out of which so many people learned that Camels suit them best.

That's why
MORE PEOPLE ARE SMOKING CAMELS
than ever before!

Around Hollywood

By JOHN TODD
International News Service Staff Correspondent

HOLLYWOOD, July 21.—(INS)—Wayne Morris, the hulking six-footer with the eternally-boyish grin, has had his wings clipped by the Cagney boys—now that he's working in a picture for them.

Wayne had just about reached top stardom out at Warner's when the war came along. The actor was one of the first of the Hollywood contingent to enlist, and emerged as a topnotch Navy flyer with a basketful of citations.

After the war, Wayne reported back to Warner's with the old grin and a brand new private airplane.

borrowed player because of a chance mishap in the air. The contract Wayne signed definitely grounded him for the duration of the picture.

Wayne told your reporter that Jimmy Cagney was plenty sympathetic about the whole thing.

"He bought me a set of golf clubs," Wayne said.

Glenn Ford thinks women should rise in arms against the new long skirt decree.

He said: "If designing dressmakers have their way it won't be long until calves revert to a barnyard status, ankles become exciting and high-buttoned shoes compulsory."

Ford figured he had finished with long dresses when he completed his starring role in "The Man From Colorado," in which Ellen Drew wore such voluminous skirts that she got all wound up in them.

Learning that Columbia's head man had decided he would be perfect for the part of Evelyn Keyes' suitor in "The Matinee Idol," he drew a long breath of relief. The story was modern, Miss Keyes, according to script, was dashing and our hero was blissfully contemplating the sheerness of nylons and the capers curious to curves. But when he saw some of the "fashions of tomorrow" and realized how much they resembled the all-concealing garments of the last century, well—

"It was frightening," Ford said. "How can a girl set out-of-the-corner-of-the-eye glances when she is bundled up like a Byrd expedition? At the rate things are going, bald heads will be missing from theater front rows and opticians will go on forced holidays."

On his second voyage to America, Columbus observed Indians playing with rubber balls.

PLAN AHEAD— —WIRE AHEAD

Most home-builders don't spend half as much time planning their electrical system as they do their plumbing. That is an easy mistake to make. Of course you want a complete plumbing system, but in the modern home, electric service is just as important as plumbing service. You can't get enough water through too small pipes nor can you get sufficient electricity through small wires. And, the convenience of enough outlets is equally important. So don't be "penny wise—power foolish". Have your electrical contractor install a wiring system that will serve your needs for many years to come.

WASHINGTON CALLING

(Continued from Page Four)

ously on the '48 horizon. That is the historic figure of Gen. of the Army Douglas MacArthur.

Eisenhower is 56. Conceivably, if he does have presidential ambition, he could wait another four years. MacArthur is 67, and it is now or never.

Conflicting reports come back from Japan. Some of MacArthur's associates who have returned swear he wants nothing more than quiet retirement. Others who have observed him at first hand believe he has a deep ambition to be president. Among the latter men are those who have served with the general in various posts. With this background, they look into the crystal ball and foresee events shaping up in the following fashion.

The effort to write a Japanese peace treaty has now been launched, with increasing backing from policymakers in Washington, a treaty will be pushed in spite of the objections that Russia is bound to raise. It may even be concluded with the Soviet Union on the outside looking in.

MacArthur has long been urging a settlement that would permit the drastic scaling-down of U. S. occupation forces. He recently announced in Tokyo that Japan could not make war for a hundred years, no matter what our occupation policy should be.

Conclusion of a treaty would further enhance MacArthur's prestige. With his assignment concluded to the sound of loud acclaim, the general would return to the United States.

Timed properly this would be in March of next year. Landing at Los Angeles of San Francisco, he would receive a tremendous ovation. The triumphal progress would continue from city to city across the country.

Thus would the conquering hero become a formidable candidate as the time for the Republican convention drew near. Against this background he might even make a substantial showing in the key primary in Wisconsin next April.

Hint Is Given

MacArthur himself, the other day gave what was taken to be a hint of his political intentions. He denied rumors that he intended to live in the Philippines after his retirement. The general said he would come back to his home in Milwaukee, where there are ties with his remote past.

Rarely in either our political or our military history, has there been such a flamboyant personality as MacArthur. While they give him full credit for his achievement in Japan, Frank Kelly and Cornelius Ryan, in their recently published "Star-Spangled Mikado", take a more judicious view than the MacArthur idolators.

There is one flaw in the MacArthur-for-President picture. In the GOP high command, the conviction is growing that victory is assured. Therefore, when convention time rolls around, the hard-boiled men in control of the party will see no reason why they should take a glamorous figure who has never been a worker in the party vineyard.

State Foreign War Veterans Elect Officers

Frank C. Hilton Of Womelsdorf Takes Over Leadership For Year

HARRISBURG, July 21.—(INS.)—Pennsylvania's Veterans of Foreign Wars, embracing soldiers in three wars, were headed today by Frank C. Hilton of Womelsdorf, 39-year-old captain in World War II.

Hilton was elected commander by more than 3000 delegates at Harrisburg during the closing session of the 28th annual encampment after Donald Pender of Carbondale withdrew from the contest.

He succeeded John U. Shroyer of Shamokin, a veteran of the Spanish-American war almost half a century ago.

Delegates elected World War II ex-servicemen commander, senior vice commander and judge advocate while World War I veterans were named junior vice commander, quartermaster-adjutant and surgeon.

Rev. Michael A. Hally of Wilkes-Barre, departmental chaplain, was the only candidate with service in both conflicts. Other officers elected were:

Hiram V. Hartman of New Kensington, senior vice commander; G. Lynn Brotherson, junior vice commander; C. A. Gnat of Harrisburg, quartermaster-adjutant; Louis G. Feldmann, judge advocate; Dr. Daniel Bohn, Altoona, surgeon. Brotherson was opposed by C. C. McClain, Philadelphia, who withdrew.

Hilton indicated a step-up in the organization's program for veterans by tentatively scheduling one meeting each month of the administration council, the VFW policy-making body.

Selection of the 1948 encampment site was deferred until a later date.

Mrs. Hella Ellis of Charleroi, Pa. attended her sister as matron of honor. Warren C. Shinn of Los Angeles, served as best man.

The bride groom is a veteran of World War II, serving in the Navy for four years, including overseas duty in the Pacific theater. He is now associated in business at Los Angeles.

Attending the ceremony from the East were: Mr. and Mrs. L. Ellis and daughter, Terry of Charleroi, and Mr. and Mrs. Vincent Moran, of Rochester, Pa.

Brown Candidate For County Coroner

Union Township Man Announces His Candidacy For Republican Nomination

GERALD BROWN

I, Gerald Brown, wish at this time, to take the opportunity of announcing that I am now running as a candidate for the office of Coroner of Lawrence County.

I am 29 years old and was born and raised on E. Washington street, New Castle, Pa. I am now married and my present residence is on English avenue, Union Township.

Upon graduating from the New Castle High school, I attended the Cleveland College of Embalming, graduating in 1939. I received my license to practice Undertaking in the State of Pennsylvania.

I enlisted in the Armed Forces in Dec., 1941, the beginning of World War II, spending two of those four years in Alaska and the Aleutian Islands.

In making this announcement, I wish to add that I am not a candidate for any one individual or group of officials.

Feeling that I am fully qualified, I will fulfill the duties of the office of Coroner, for which I am a candidate, to the best of my ability and will appreciate the full support of the Republican voters of Lawrence County at the Primary Election to be held Sept. 9, 1947.

Thank you.

Calls For Special Session In State

JEANNETTE, Pa., July 21.—(INS)—State Senator John H. Dent (D) Westmoreland, today called upon Gov. James H. Duff to call a special session of the legislature immediately to enact a rental control bill and to repeal House Bill No. 800.

The latter measure permits municipalities and school districts to impose severance taxes on such natural resources as coal, stone and lime removed for sale.

Explaining his opposition to the tax measure, Sen. Dent said Seward borough and St. Clair township, both in Westmoreland county, last week "passed heavy taxes on coal, stone, timber and top soil produced."

He added:

"There is a race on today between the municipal and school authorities all over the state to get the first slice of this new melon. These taxes and others to follow will impose competitive handicaps on Pennsylvania industries."

Veterans Name Committee To Probe Reports

HARRISBURG, July 19.—(INS)—A four member committee was appointed today by the Pennsylvania Veterans of Foreign Wars to investigate alleged violation of the veterans preference act at the army's Middletown Air Material Area near Harrisburg.

State Commander Frank C. Hilton directed the committee to conduct a thorough study and report July 30.

The committee was headed by William B. Freeland, of Halifax, and included Past State Commander John U. Shroyer, Shamokin; State Judge Advocate Louis Feldmann, Hazleton; and Chief of Staff J. Calvin Frank, of Harrisburg.

Eaton Hopeful For Success Of Marshall Plan

WASHINGTON, July 21.—(INS)—Rep. Eaton (D) N. J., chairman of the house foreign affairs committee, said today after hearing secret testimony by Secretary of State Marshall that he is "hopeful" for the success of the Marshall plan for rehabilitating Europe.

Both Eaton and Marshall refused to comment directly on information relayed to the house committee by the secretary during the hour and three-quarters executive session.

However, when Eaton was asked by reporters what he thought of the current Paris 16-nation conference on the Marshall plan, he said:

"It is one of the most hopeful things that has happened since the close of the shooting war. I'm hopeful that a real, positive workable policy will be evolved this time by the European countries."

Half-Wild Dogs Ranging Farmland

HAGERSTOWN, Md., July 21.—(INS)—Sheriff Joseph D. Baker said today that packs of half-wild dogs are ranging farmlands in Washington county, killing livestock and terrorizing humans.

The sheriff advised farmers to shoot the dogs on sight. He declared: "Shoot them whether they are tagged or not. It is legal for a farmer to kill any dog found on his property if the animal is unleashed."

Baker said the dogs are hunting in "wolf packs" and that sheep have been killed and cattle attacked.

He estimated that more than 100 dogs are running wild in the county and stated that his office had received scores of complaints.

The sheriff said he could not explain the origin of the packs but added "this is a case in which the farmers are justified in shooting the dogs on sight."

West Middlesex Man Found Dead Sunday

Montrose Mitchell, aged 77 years, was found dead Sunday evening at 8 o'clock at his home, West Middlesex, R. D. 1, by his son, Elmer R. Mitchell. According to a statement of Dr. James Elder, deputy coroner of Mercer county, death was due to a suicidal self-inflicted bullet.

Born July 4, 1870, in Pulaski, Pa., he was a son of the late Thomas and Margaret Armstrong Mitchell, a resident of West Middlesex for the past 50 years, was retired. He was formerly employed as a carriage-painter and was well-known in the West Middlesex section.

Survivors include three sons, Elmer R. Mitchell, West Middlesex, R. D. 1, Paul I. Mitchell, West Middlesex, R. D. 2, and Carl A. Mitchell, New Castle, R. D. 5, and four grandchildren.

Funeral services will be conducted Wednesday afternoon at 2 o'clock D. S. T. from the Cunningham funeral home, West Middlesex, by Rev. E. Dever Walker, pastor of the West Middlesex Presbyterian church officiating. Interment will take place in Haywood cemetery, West Middlesex.

Friends will be received at the funeral home this evening and Tuesday evening from 8 to 10 o'clock D. S. T.

County Students At Westminster Summer School

(Special To The News)

NEW WILMINGTON, July 21.—Increased interest in the Summer school services of the churches of this city which are held on the Christian church lawn, drew one of the largest attendances to outdoor meeting on Sunday evening.

Professor Robert Kelly, professor of Bible at Westminster College, was the speaker of the evening, using illustrations from the time of Christ and from the present era upon which to base his remarks.

Professor Kelly pointed out that in both Christ's time and in our day there was evil and it had to be dealt with accordingly. The cities of Europe that were devastated during World War II, must be rebuilt and likewise human beings whose lives have reached the state of ruin must be rebuilt if they are to find a place in society.

The evening program opened with a period of transcribed music in charge of Clarence M. England. Dave Lewis directed the audience in singing and was heard in a vocal solo during the service. Heard in a duet selection were Sylvia Moore and William Sentegeorge who were accompanied at the piano by Mrs. Helen B. Rainey who also served as evening pianist.

Edwin Gardner was the leader for the service, with ushers being provided by the Mahoning U. P. church.

Student Nurses Hear Hollywood Sound Effects Man

Student nurses of the New Castle Hospital School of Nursing heard as speaker on their "home recreation night", Anthony Paglia, sound effects technician of the Twentieth Century Fox Studios, Hollywood, Calif.

Mr. Paglia spoke to the students for an hour and a half, about the various stunts and tricks in the make-believe land of Hollywood. He illustrated his talk with various clever tricks used in the recent movies. Later the nurses conducted a question period, questions being of a scientific nature, and also a few questions of the popular movie heroes.

Mr. Paglia was introduced by Sister M. Dolores, director of nurses of the New Castle Hospital.

Sisters of St. Francis attended the lecture.

Mr. Paglia is an uncle of one of the student nurses, Rose Navarra, of West State street extension, at whose home he is visiting. Mr. and Mrs. Carmen Navarra, and also Mr. and Mrs. Rocco Viggiano, of 107 West Lawrence street.

The Paglias will return via motor to Hollywood, Calif., on Tuesday, and enroute expect to visit the interesting points of view of the mid-west.

China Puzzled At Visit From Gen. Wedemeyer

NANKING, July 21.—(INS)—Hopeful puzzlement was the best description today for the attitude of nationalist China as it awaited arrival of Lt. Gen. Albert C. Wedemeyer on a fact-finding mission for President Truman.

The puzzlement stemmed from inability to decide exactly what General Wedemeyer's task might be. Official circles guessed that there is some specific point which is to be investigated, since they maintain that the U. S. State Department already has voluminous information on every aspect of the Chinese situation.

The hope comes from the government's belief that his arrival means a change in official American policy and a flow of badly-needed American supplies to the hard-pressed Nationalist armies.

General Wedemeyer and his staff are due to arrive in Nanking tomorrow afternoon, after a non-stop flight from Guam in an army C-54. He is expected to make his headquarters in the Chinese capital.

Whatever the General's mission may be, government sources said that they are having extensive data prepared to submit to him.

Attitude Suspicious
The attitude of the Chinese Communists toward the mission is profoundly suspicious and hostile. They describe it as a prelude to "adoption of barbarous open and direct methods of United States intervention in China."

The Communist North Shensi radio said:
"By sending the infamous Wedemeyer back to China, American imperialists hope to carry out aggression in China with a free hand, and prop up Chiang Kai-Shek's rule."

Some quarters interpreted a statement by General Wedemeyer when he arrived in Honolulu as an attempt to convince the Communists that his examination will be non-partisan.

General Wedemeyer said that his mission may consider the possibility of applying Secretary of States George Marshall's foreign assistance program to Communist-held areas in China and Korea.

Admits Setting Fire To Husband

INDIANAPOLIS, July 21.—(INS)—Mrs. Katharine Franklin, who turned her husband today to a human torch, told police today that she "simply got tired of all the arguing" that followed their family drinking parties.

Mrs. Franklin, 47-year-old Negro, admitted pouring gasoline over her husband, Philip, 47, and throwing a match at him.

A blazing torch, he ran from the home of his nephew where the party was being held, and collapsed. He died in City Hospital.

Mrs. Franklin told police that she and her husband always argued when they were drinking, and that at last night's party the argument was violent.

The Franklins, married 27 years, had 10 children.
Mrs. Franklin was charged with first degree murder and with arson. The home of the nephew was damaged by fire, and the two adjoining residences were threatened by the flames.

FIELD VETERINARIAN HARRISBURG, July 21.—(INS)—

The appointment of Frank R. Sell, of Allentown as a field veterinarian, was announced today at Harrisburg by the State Department of Agriculture. The post carries an annual salary of \$3,192.

Titusville Airport Host To Local Pilots

A number of local pilots and flyers flew to Titusville early Sunday morning, where the group enjoyed breakfast as guests of the Titusville Airport operators.

Among the New Castle pilots who enjoyed the trip were Mr. and Mrs. J. C. Guckeyson of R.D. 1.

Ashtabula, Ohio, was also the mecca for a number of local pilots on Sunday for the airshow that was in progress there. Those attending were, Mr. and Mrs. Durwood Jones,

Mr. and Mrs. J. C. Guckeyson, Kyle Matteson and Cal Wescott.

A private pilots license was granted to Frank Pletney of New Wilmington, over the week end.

One of the youngest pilots to complete his solo flight was Ronald Wise of 317½ West Leasure avenue.

Ronald, who took his training previous to his sixteenth birthday, completed his initial hop, upon the attainment of 16 years of age.

Thunder is the loudest common noise, and has never been heard unmistakably more than about 20 miles from the flash.

When tires puncture or blow out, "RUBBER-UNDER-COMPRESSION" in the ALLSTATE SAFETY TUBE seals the hole, and allows a safe, even stop.

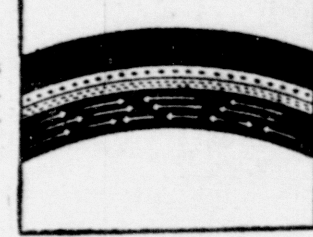

Before Inflating

Tube crown circumference is about 14% greater than inside. Hence wavy design.

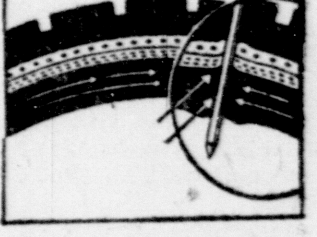

After Inflating

Air pressure flattens crown against tire, compresses it to greater thickness, tightness.

If Punctured

Tightly compressed rubber seals hole instantly. Air can escape only slowly, if at all.

Third Week Boys At Y.M.C.A. Camp

Camping season at the Y. M. C. A. site swung into the third week Sunday, with 85 young boys establishing themselves in the cabins for a week of recreation.

The boys gathered in the chapel Sunday evening for a vesper service, with Rev. O. J. Warnath of St. Paul's Lutheran church the speaker. De Luce Cole led singing.

The "Y" announced today that this summer has proved a banner season and that it appears that capacity groups will use the camp facilities during the remaining periods.

The estimated daily population of Rockefeller Center, New York City, 152,132, is surpassed by the population of only 55 cities in the United States.

Assure Farmers Of Labor During Harvest Season

With Exception Of Few
Areas, Sufficient Help
During Harvest Months
Foreseen

OTHER FARM NEWS FROM HARRISBURG

HARRISBURG, July 21.—(INS)—
Pennsylvania farmers were assured
of an adequate supply of farm la-
bor during harvest months.

Truman Thompson, state rural in-
dustries supervisor of the Pennsylv-
ania State Employment Service,
reported that with the exception of
a few areas, farmers can be as-
sured they will have a "sufficient
number of workers adequately to
meet their demands."

Thompson said that during the
harvest season, when labor de-
mands will be at a peak, certain
shortages may develop in Erie
county and in the southern tier
counties, especially Adams, York,
Franklin. The lack of workers will
not be serious, however, he added.

He said that high unemployment
in the Wilkes-Barre-Scranton area
has become so acute that the PSES
in cooperation with the agricultural
extension service has agreed to send
farm workers to certain areas of
New York state.

He said he could not estimate how
many workers had been sent from
the area's "labor surplus" ranks to
New York farm because of a lack
of reports. He declared, however,
that the PSES had agreed to con-
tinue shipping as many laborers as
it could spare to that section until
fall.

Thompson said that the PSES
and the extension service were
working to place all unemployed
persons with farm experience into
agricultural jobs.

Rainfall picked up after the re-
cent dry spell, during the week
ended July 8. The state agricul-
tural department reported that
average rainfall in the state for
the week was 1.9 inches—more than
twice the normal fall.

Although more precipitation was
needed in the northwest, at least
one area received more than its
share.

Nearly six inches of rain fell in
a 4-hour period at Park Place,
Schuylkill county.

An unexpected heavy demand by
consumers for meat sent Pennsylv-
ania livestock prices soaring to a
record high of 329 per cent of the
1909-1914 average during the month
ended June 15. A federal-state sur-
vey showed an advance of 19
points in the index of prices farm-
ers received for meat animals.

Increases ranged from 20 cents
per hundredweight for hogs and
sheep to \$1.70 for veal calves.

CONSTRUCTION OF LARGE HOUSING PROJECTS LIKELY

PHILADELPHIA, July 21.—(INS)—
Plans for the construction of large
rental housing projects throughout
the state costing up to \$50,000,000
each and providing accommodations
for 15,000 families in each project
were disclosed today.

The Pennsylvania Savings and
Loan League, at the request of the
Savings and Loan Council of Phila-
delphia, has appointed a special
committee of five presidents of
Philadelphia Savings and Loan
Associations to discuss the program
with a similar group from the
Pennsylvania Bankers Association.

Four Clubs At Camp East Brook

Thirty-Five Members Of
Four Y. W. C. A. Clubs
Enjoy Outdoor Activities At Site

Taking advantage of the nice weather over the week end members of the Y.W.C.A. and the Elm street branch went to Camp Eastbrook for a week end of camping. Thirty-five members of Blue Triangle club, Junior Business Girls, of the Central Branch, Modernettes and Friendship club, of Elm Street Branch, along with the committees with Miss Emily Rice, chairman for the Business Girls, Mrs. Roy Long, chairman of the Industrial Group, Miss Marguerita White, Central Branch executive, Miss Rosa Brown, executive of Elm Street Branch, and Miss Helen McQueen, who was lifeguard, met together for the first time at this camping site and spent an enjoyable week end getting acquainted.

Swimming was the main feature of the afternoons with the program on Saturday evening in charge of a recreation committee with Isophene Taylor, as chairman, along with Ruth Jameson and Marjorie Headland. On the program was volleyball, dancing, games, a hike to Lakewood and raising red in general. Topping the evening was a camp fire where marshmallows were roasted.

At noon Sunday a worship service was conducted with Mary Virginia Harris as chairman of the committee. Theme of the service was "Forward With Faith and Action", with leaders being Mildred Eng and Betty Hamm. Shirley Webber, pianist, accompanied the group singing.

Mrs. George H. Bollinger, a Blue Triangle club member, prepared the food for the week end and satisfied the many ravenous appetites after the outdoor activities of the camping week end.

Club girls of the Elm Street Branch will be at Camp Eastbrook on August 2, 3 and 4. Miss Rosa Brown will be leader for the week end. On Monday, August 4, members of Alice in Wonderland club of Elm Street Branch will spend the day at the camp.

HOLD MINER IN DEATH

INDIANA, Pa., July 21.—(INS)—Sheriff's officers today held James McGee, Heshbon coal miner, for investigation into the death of John L. Carnahan, of Heshbon, who died yesterday as a result of burns suffered April 27.

Dr. Edward L. Fleming, Indiana county coroner, gave the cause of death as toxemia resulting from burns on the chest and back.

Officers said Carnahan, while hospitalized, told them he fell asleep near a hot cook stove after he and McGee had been drinking. He told officers he was awakened by McGee holding a shovel full of hot coals against his chest, and that McGee also forced him backwards onto the stove, burning his back.

York Managing Editor Called

YORK, Pa., July 21.—(INS)—Funeral services will be held tomorrow at York for Edison B. Williamson, 65, managing editor of the York Dispatch, who died Saturday at Atlantic City.

Graduated from Dickinson law school in 1903, he found a berth on the old York Daily shortly thereafter and rose to managing editor of what had become the Dispatch in 1925.

He coached the York High school football team quarterbacked by Jacob L. Devers who later became a four-star general in charge of army ground forces.

Local Sailors Enjoying Leave

William Schuster son of Mr. and Mrs. Steve Schuster, 705 W. State street, and John Reamer, son of Mr. and Mrs. A. J. Reamer, 1132 Hemlock street, are enjoying leave from the U. S. Navy duty.

At the completion of their time here they will report to Chicago to enter the machinists' school for a period of 16 weeks.

Truman-Wallace California Battle Seen Shaping Up

FRESNO, Calif., July 21.—(INS)—A fiery interparty battle between Truman and Wallace supporters in California was shaping up today as the aftermath of the move in Fresno which officially launched a drive to elect Henry A. Wallace president in 1948.

The Fresno caucus, called by former states Attorney General Robert W. Kenny, set up provisional statewide committees aimed at placing on the June 1 primary a California Democratic party delegation pledged to Wallace. Kenny was elected to the key position as chairman of the steering committee, which will direct the campaign.

The Fresno meeting had its share of political fireworks.

Significantly, the Wallace drive was launched despite repeated and unsuccessful efforts from the caucus floor to have the delegates go on record against a third party. The motion threw the meeting into an uproar and brought forth boos, hisses and catcalls.

First important repercussions

from the Fresno meeting is expected to come next Saturday at a meeting of the state Democratic central committee, called by State Chairman James Roosevelt, son of the late president.

Roosevelt, who so far has re-

mained neutral in the Wallace movement, has called the group to adopt a foreign policy for the party.

A drive to extend the Wallace movement to other western states

is expected to be sparked by a meeting in Denver on October 8, Wallace's birthday.

A new plastic floor covering, made of vinylite material, requires no waxing or polishing.

Governor Warren Gives World Views

Tells Ideas Of World Af-
fairs And American For-
eign Policy

ABOARD USS IOWA ENROUTE
TO HAWAII, July 21.—(INS)—
Gov. Earl Warren of California to-
day gave International News Serv-
ice his ideas on world affairs and
American foreign policy.

Governor Warren, while avoiding
mention of the possibility he will
become a candidate for the Amer-
ica's role in world affairs. He is one
of ten governors making a trip to
Hawaii aboard the crack battle-
ship Iowa.

He declared that a strong na-
tional defense program must back
an equally staunch bi-partisan for-
eign policy. Only the two combined,
he added, can bring the rest of the
world to respect and understand
us.

Recent Conference

Of the recent governors confer-
ence in Salt Lake City, Governor
Warren said:

"The most important resolution
by the conference was our unani-
mous expression in favor of a joint
American foreign policy, made by
both parties and kept by both with-
out change.

"Also important was our unani-
mous expression of confidence in
Secretary of State George C. Mar-
shall, and our endorsement of his
policy in principle—because there is
not room in this country for two
intermittent foreign policies.

"There must simply be an Amer-
ican policy worked out to such a
degree that neither party desires
to change it. No other policy would
be respected throughout the world."

He said that the governors' en-
dorsement of such a policy is an
illustration of the people's desire
that an American policy be de-
vised that "stands up regardless of
White House changes."

Tuesday noon's weekly luncheon
meeting of New Castle Lions club
will be featured by a splendid mu-
sical program, arrangements for
which are in charge of Lion Bill
McCombs.

Kittens Born Week Apart

—New Castle News Photo

The News carried an item on Saturday of a cat owned by Mrs. Clarence Criswell of Falls street which had given birth to a normal kit-
ten on Friday, July 11, and then a week later had given birth to three
more kittens. Above is a photograph of the mother cat with the four-
year-old son of Mrs. Criswell, Donnie, holding the week oldest kitten
and with the other three kittens in his lap. "Puff", the mother cat, is part
Angora and part tiger cat. Her first born was tiger, with the other three
being tiger, black and white, and yellow, grey and white. The first born
kitten first saw the light of day in a hens nest with 15 eggs after the
mother feline routed the mother hen from her nest.

Warn On Farm Safety

—New Castle News Photo

Approximately 40 to 45 farm dwellers die each day as the result of
accidents. Accidents while working around farm machinery are the major
causes of farm injuries and deaths. As a result of these facts found by
the Farm Safety Committee, President Truman declared July 20 through the
21 as Farm Safety Week. L. C. Dayton of the local farm extension
office, stated today that in the past three seasons, four serious accidents
have occurred in Lawrence County as a result of carelessness around
moving machines. That is why the above photo was chosen from among
a group of specially posed pictures illustrating farm safety, for use in
today's News.

De Lattre was changing a tire
when the accident occurred. William
Long, of Patton, who was aiding
him, was seriously injured.

Approve Move To Partially Bar Oil Products Exports

WASHINGTON, July 21.—(INS)—
The house merchant marine com-
mittee today approved a resolution
barring the exportation of petro-
leum products to foreign countries
unless the secretary of commerce
certifies that the shipments will not
impair the national defense or civil-
ian supplies.

The measure is sponsored by Rep.
Welch (R) Ohio, committee chair-
man, whose group has been hold-
ing public hearings on shipments
of gasoline and other petroleum
products overseas, especially to Rus-
sia.

The measure would cover gaso-
line, diesel oil, bunker oil and lubri-
cating oil.

The secretary of commerce would
be required to make written certifi-
cations to the president before ship-
ments would be permitted outside
the country and monthly reports of
the amount exported to the speaker
and senate president.

The resolution would be effective
until March 31, 1948.

Construction At Public Library Is Progressing

Progress in the construction work
at the Free Public Library, North
and Mercer streets, got underway
early this morning with men on
hand starting to pour cement for
the first floor. A lift was erected
outside the building where cement
was elevated to the second floor
windows, taken in and poured.

Two new stacks of steel shelving
are being erected in the main body
of the library and a new lighting
system is being installed in this

area. These new floors will provide
space for 6000 additional volumes,
3000 to each new deck of shelving.

Stairways leading to the new
floors have been erected almost op-
posite the North street entrance of
the library.

Books are being renewed auto-
matically as they fall due by the
librarians and staff of workers. Em-
ployees are taking their vacations
at different times during this period
the library is closed.

Union Refuses To Reinstate 25 Communists

BRIDGEPORT, Conn., July 21.—(INS)—General Electric Local 203 of the UEW-CIO stood firm today in its refusal to reinstate 25 former members who were expelled last February on charges of Communism, despite a recommendation from the new district council.

Between 500 and 600 members of the local, at a Sunday meeting, rejected the council's recommendation following a report from Alvaro Gil, chairman of the trial committee which was set up by the unit to investigate charges in the cases of the ousted member.

The local also adopted a resolution condemning Julius Emspack UEW-CIO secretary, treasurer, for his management of the International's publication. The local claimed that it has become a medium for Communist propaganda.

Youth Is Hunted In Child's Murder

LINCOLN, Neb., July 21.—(INS)—FBI agents joined Nebraska and local police today in a search for a 17-year-old youth charged with the mutilation murder of 8-year-old Charles Mulholland.

County Attorney Frederick Wagener filed the murder charge, asserting that the youth, George Thomas Lee, 17, Oconto, Wis., "deliberately and with premeditated malice, strangled Charles Mulholland, July 14."

The FBI office in Omaha, Neb., also announced that a complaint and a warrant calling for Lee's arrest had been obtained for unlawful flight to escape prosecution.

Federal agents joined the manhunt after issuance of the warrant. Wagener declared that enough evidence had been gathered to establish Lee's guilt. But, he said, authorities were withholding the information until the youth's apprehension.

The body of the Mulholland boy was found in a garage loft in downtown Lincoln last Tuesday night. He had been strangled with a necktie, criminally attacked and mutilated.

Extend Search For Missing Man

COLUMBIA, Pa., July 21.—(INS)—State police searching for Charles Courtney, 35-year-old delivery truck driver missing since Friday, today extended their search to nearby states.

Courtney, employed by a Mountville dry cleaning firm, told his wife in a letter postmarked at Harrisburg Friday that he was "heading south". The truck he was driving was found in York Saturday night, state police reported at Columbia. Several hundred dollars worth of clothing was recovered intact, police added.

Courtney, father of two children, took some of his clothing from his home Friday and told his wife, Amanda, he intended having them cleaned. He was seen last at Silver Springs Friday afternoon.

RELIEF ROLLS DOWN

HARRISBURG, July 21.—(INS)—The seasonal decline of Pennsylvania's relief rolls was interrupted during the week ended July 12 by addition of 297 persons which boosted total recipients to 300,367, it was disclosed today in a report by the Department of Public Assistance.

Approximately 13,000 persons have been added to the rolls since January, the report showed. Expenditures for June amounted to \$7,492,000, the department added.

INMATE KILLED

BELLEFONTE, Pa., July 21.—(INS)—Rockview penitentiary officials today announced that Frank O. Snyder, an inmate from Venango county, was fatally injured Saturday when pinned against the wall of a garage by an automobile.

Snyder had cranked the car while it was in gear, officials said. He died in Bellefonte hospital seven hours after the accident.

Cards Protest Dodger Victory

Umpire Slows Up Northey
On Homer Thrown Out
At Plate, Pirates Top
Braves

By LES CONKLIN
(International News Service Sports Writer)

NEW YORK, July 21.—Most baseball men agreed today that yesterday's crucial game between the Cardinals and Dodgers at Ebbets Field may have to be replayed because Brooklyn's victory was highly tainted.

In the ninth inning Ron Northey of the Cards walked a drive to center which apparently was a home run. The ball hit the top of the concrete wall, bounced high in the air, and then dropped onto the field.

Northey, running at full speed, saw Umpire Beans Reardon waving as if to indicate that the ball had landed in the stands and bounced out for a home run. In fact, Northey claimed later that Reardon had yelled at him:

"What are you running for—it's a home run."

Out At Plate
Northey slowed up momentarily, just enough to be thrown out at the plate on a fast relay when the other umpires ruled that the ball had been in play all the time.

The St. Louis protest, perfunctory at the time because the Cards were leading 2 to 0 before Northey's walk-off, became a deafening squawk a few minutes later when Brooklyn scored three runs, climaxed by a pinch single by Eddie Miksis off relief hurler Howie Pollet, and won the game 3 to 2.

The St. Louis protest will be weighed by Ford Frick, president of the National League.

Blackwell Again

The Dodgers now are three games in front of the Giants, who broke even with the Reds. In the opener, Ed (The El) Blackwell, making steady progress toward his goal of 30 victories, racked up his 17th win and his 15th consecutive triumph by handcuffing the Giants 4 to 1. The

Giants took the second game 9 to 6, thanks to two homers by Bobby Thomson.

Fritz Ostermueller of Pittsburgh held the Boston Braves to five hits and beat them 9 to 1.

Chicago's ailing Cubs are getting well fast at the expense of the Phillies, whom they beat twice, 4 to 2 and 2 to 1. The Phils have won only one game out of 13 from the Bruins this season.

Tigers Take Two
Detroit trounced the Yankees twice, cutting New York's lead in the American league to 9½ games and rekindling a spark of interest in the Junior circuit flag race. In the opener Prince Hal Newhouse, getting tired of being kicked around by the Yankees, held the New York-ers to three hits and downed them 4 to 1. In the nightcap, the Tigers copped a 12 to 11 slugfest on Eddie Mayo's double in the 11th.

The St. Louis Browns swept their second double-header of the season when they took two from the Boston Red Sox, 4 to 3 and 7 to 6.

It was a banner day for Red Ruffing and Mel Harder, the grand old men of American league pitchers. Ruffing, the Red, Major league baseball's winningest pitcher, chalked up his 21st victory when the Chicago White Sox nosed out Philadelphia, 6 to 5, in the first game of a twin bill. The Athletics won the second game, 7 to 4.

Harder, who has won six out of seven for Cleveland this season, racked up win No. 223 by beating Washington 6 to 1 after Mickey Haefer of the Senators had won a 1 to 0 duel from Bob Feller of the Indians in the opener. It was Feller's eighth loss.

BOB HOPE SICK

CHICAGO, July 21.—(INS)—Bob Hope, radio and film comedian, was confined to his bed in his Chicago hotel suite today, suffering from a severe cold and sunburn.

A spokesman with the Hope party said the comedian dropped off to sleep on the deck of the ship returning him from his recent South American trip. As a result, he suffered the sun burn and later contracted a cold.

Dr. S. J. Pollack said he would hospitalize Hope if the screen-radio star did not improve today.

A professional football shrine at Latrobe, Pa., similar to Baseball's Hall of Fame at Cooperstown, N. Y. was assured when the National Football League endorsed the project and agreed to financial aid for the shrine itself and a football stadium.

Where Tax Money Of County Goes

County Controller Makes Monthly Report Of Money Spent In Operations

OTHER NEWS OF COURT HOUSE

County Controller Andrew M. Dodds has the old fashioned idea that taxpayers should know where their money goes. Every month he prepares a statement of all expenditures, a copy of which is given to the engineer of this column and believing as Andy does that folks should know how much money they are spending and how it is spent the recapitulation is published.

In June of this year there was spent of your money, \$32,643.53 from the general fund. This amount is divided into the following classifications. Commissioners' office, \$2,626.69. County Solicitor's office, \$906. Court House Maintenance, \$3,354.68. Registration Bureau, \$835.07. Tax assessment, \$1,041.02. Weights and Measures, \$105. Treasurer's office, \$2,557.70. County controller's office, \$1,130.06. Register and Recorder's office, \$2,626.37. General Administration, \$609.58. Sheriff's office, \$1,356.93. Coroner's office, \$102. Prothonotary's office, \$1,529.93. District Attorney's office, \$1,031.94. Law Library, \$137.50. Courts, \$2,315.52. Justices and aldermen, \$165.40.

Constables, \$88.05. Probation and Parole, \$900.78. Detention Home, \$591.94. Penal Institutions, \$2,583.25. Maintenance of children, \$139.47. Superintendent of schools, \$107. Military Contributions, \$1,215.02. Real estate department, \$196.88. Miscellaneous government expenditures,

\$65.38. Refunds, \$28.21. Office audits, \$755.53.

From the Institution Fund there was spent a total of \$5,920.47. This is divided as follows. General Administration, \$348.68. County Home Administration, \$353.36. County Home, care of patients, \$3,179.17. County farm, \$190.25. County Insane, \$21.50. Outdoor relief, \$1,636.81. Capital outlay, \$210.

From the liquid fuels tax fund there was spent \$40,807.30, although spent is not quite the word as \$39,470 was transferred to the Sinking Fund to pay bonds and interest. The balance was spent in salaries, materials, land damages and wages.

THREE CASES

Two divorces and an action in trespass have been filed in the office of Prothonotary and Clerk of Courts.

Zona Campbell of 110 North Diamond Way asks a divorce from Milton P. Campbell, 110 North Diamond Way charging cruel and barbarous treatment, indignities to person, and immorality. They were married May 8, 1945, in New Castle.

Oliver J. Leasure of 85 Greenwood Avenue, New Castle asks a divorce from Bloom V. Leasure of 1650 West Water Street, Indiana, Pa., charging cruel and barbarous treatment, indignities to person and desertion. They were married September 5, 1941 in New Cumberland, West Virginia.

James Obodinski of 414 East Luton Street files a suit for \$252.53 against the New Castle Dutille Company, claiming that his automobile was damaged to that extent on December 20, 1946 in a collision on Moravia Street.

SAFE FIRES

With the picnic and camping season here, foresters emphasize once more the simple rules of safety with fire. These rules apply whether the fire is built in a field, in the woods, or along a roadside.

1. Before building a fire, scrape away all leaves, twigs and dry grass from a spot 3 to 5 feet in diameter. Dig a hole in the center and build a small fire in the hole. Keep the fire small. Never build it against trees or logs or near brush.

2. Never leave a fire until it is completely out. Put the fire out by stirring the coals while soaking them with water. Turn small sticks and drench on both sides, then wet grounds around the fire. If

you cannot get water, stir in moist earth and tread it down until it is packed tight over and around the fire.

3. Be sure the match that lighted the fire is out. Break it in two before you throw it away. Never throw cigarette or cigar stubs or pipe ashes into brush, leaves, or pine needles. Take time to be SAFE.

Garden Notes

There are three types of cabbage-leaf eating worms, and all can be controlled with rotenone dust. Watch for the appearance of worms on your cabbage plants and dust them to death before they eat holes in all the leaves of the plants.

If you do not have facilities for keeping squashes and pumpkins over winter, remember that these vegetables can be canned. English vegetable marrow also can be canned for winter use.

Home-grown melons should be allowed to remain on the vine until they are fully ripe. Some va-

rieties show tiny cracks on the bud when they are ready to be picked and eaten.

If you have a garden terrace and it is in partial sun and you want a plant to creep over the stones, use Veronica filiformis. It has a

flat mass of leaves about one-half inch in diameter and small blue flowers.

If your garden birdbath becomes green with growth or algae, scrub it with a stiff brush and Bordeaux mixture. That will keep it clean.
